If you didn't earn 5.92% p.a.* on your savings in recent months, then perhaps, just this once, you should...

Dear

As you may be aware, when you originally joined National Pharmacies you also automatically became a member of Lifeplan Funds Management (National Pharmacies is part of the Lifeplan group).

This came at absolutely no cost or obligation, of course. But what your Lifeplan membership *did* give you was the opportunity to be directly informed of the latest developments in our wide range of savings and investment products.

Hence, this letter regarding **Lifeplan Income Fund**.

Let's face it, whatever lifestyle we lead, we'd all appreciate some extra funds at our disposal. It just makes life that much easier and more enjoyable.

And if we can get that extra income monthly, from an easy-access investment that places a high emphasis on keeping our capital secure, well, all the better. That means fewer concerns, less stress and greater peace of mind.

Lifeplan Income Fund helps you enjoy exactly these benefits. What's more, it has no entry or exit fees, you can start with as little as \$1,000, and it's been delivering a consistently competitive return for over four years.

In fact, in the three months to August, 2005 it returned **5.92% p.a.***

Admittedly you'll be cutting a corner, but hey, your secret will be safe with us!

Kind regards,

Vicky Lekis
